Seiji Matsuyama

Poor Densuke is up to his armpits in trouble! He's pulled into all kinds of sticky situations because he's in the Eiken Club with a bevy of busty girls, and he can never get any quality time with his dear Chiharu.

Not only that, Chiharu's sister Yuri seems intent on having Densuke all to herself, and she'll do anything to make sure that Densuke's quality time is spent with her...

Matsuyama's Screams

It's volume 7 already. Wow that went fast. This Volume will be released in October, but I'm writing this in the summer. This summer I did a lot. I drew character illustrations for the Tokyo Character Show, I drew illustrations for companies, I drew lots of manuscript pages, and I also did chapters with extended pages.

Well, putting that aside...

Here are the videogames I've played recently:

Tokimeki Memorial Girl's Side – It's probably because I played it all. It's really well made.

Bokuno Natsuyasumi – I hope they do a summer vacation in downtown or in the city in the next installment.

Mario Sunshine – If you were part of the Famicom generation, you'll definitely love it. (The secrets are so hard!)

Phantasy Star Online – I made a fat character that looks just like me.

PC – My friend who's the president of a videogame company gave me a bunch of games so I'm playing them little by little. Moe!!

Gundam Plamodel

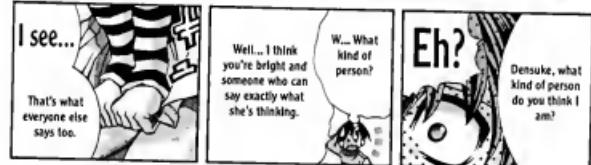

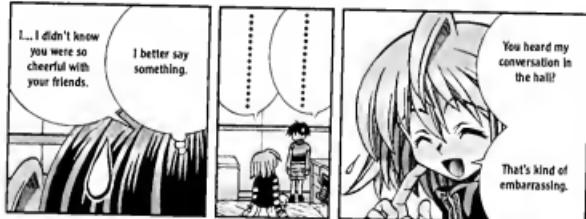

I haven't made anything since I made PGMK2. (I want Tita's Color!!!) (Although I bought a ton already) Like Zeong. Lately I've been hooked on MSIN Action (It's awesome)

PC – I'm drawing lots of color illustrations. I want to draw color pages!!!

Miharu looks so innocent and cute...

No, I can't sleep in your bed.

Um... How do I say this...?

No, I have a hard time sleeping in a bed.

Eh... but...

Wh...

If you forgot it,
Chiharu might
let you under
her umbrella.

Chiharu's
butt's getting
soaked...

Having a girl
cover you with
her umbrella...

Is kind of
embarrassing
but also
great...

Of all
places...

The
rain just
landed on
Chiharu's
chest...

Eek!

Are you
sure I can
come in?

Eh...
B... But...

Chiharu, you
need to be under
umbrella. You're
getting wet.

Her face
is slightly
blushing...
Of
course.
You're
gonna get
sick.

Oh...
Okay...

O... Okay.

... Let's go
fix the roof.

!!!

Be careful,
Densuke.

Yeah.
Thanks,
Chiharu.

Splish

Whoa.
It's really
slippery.

A... Are you okay, Densuke?

Whoa! M...
My foot!

Aah!

Eh?

I'll like anything you make!

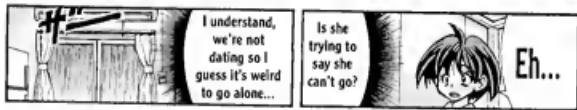

Y... You don't have to be so nice...

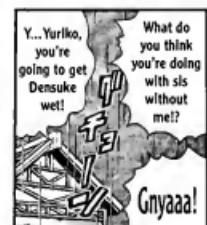

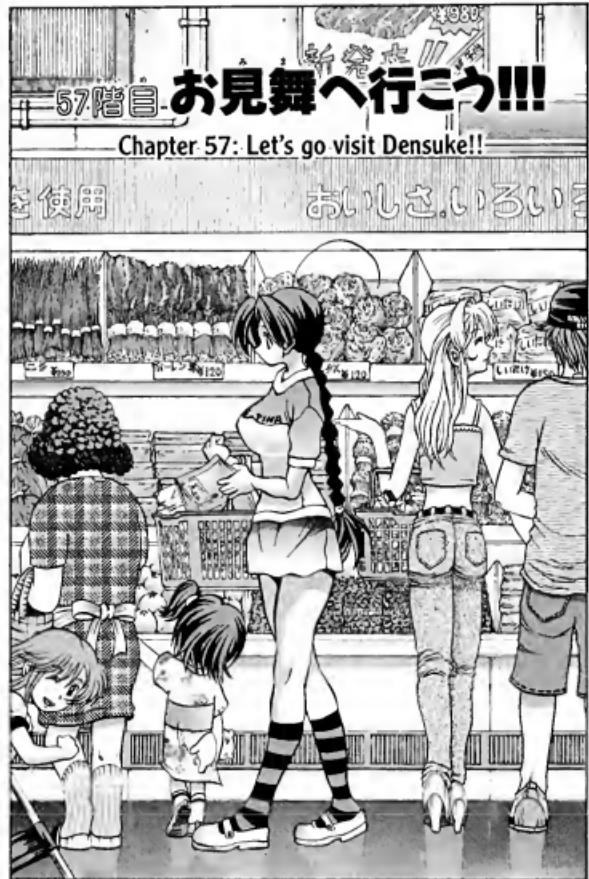

Th... That's great, Chiharu...

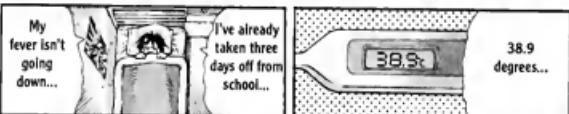

H...
Hope you like it.

Summer Break

Let's transform you into Professor's fiancé!

Gnyaaa!!
K... Kirika...

Fwaaaa.

What's wrong, Professor?
Why are you so upset?

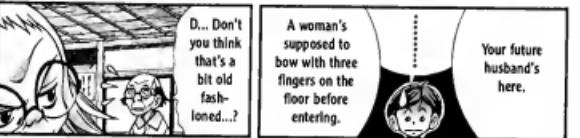

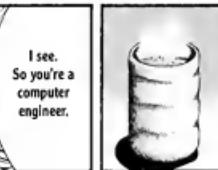

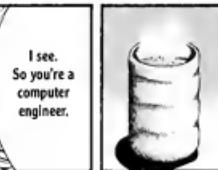

Oh that's right! Why don't you be Professor's boyfriend for a day?

I'm supposed to introduce my fiancé to my parents during summer break...

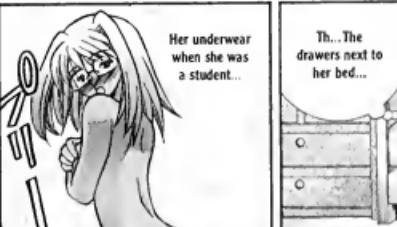

I don't know what to do...

She said have a look around but...

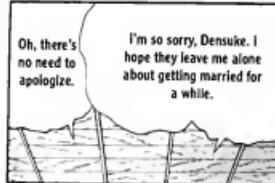

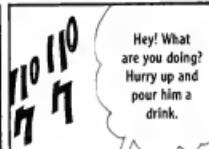

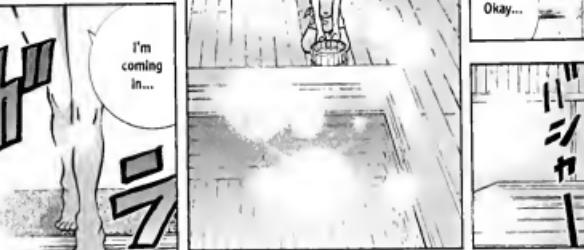

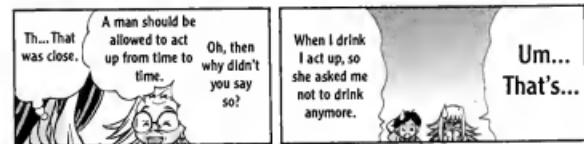

Th... The drawers next to her bed...

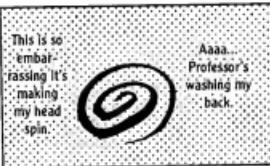

Usually drawers at that position have...

O... Okay so I'm going to rinse you off...

I can't find it because I don't have my glasses on.

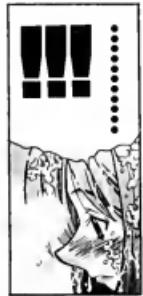

Umm... Why are you...

You guys were in there for awhile. I just laid out your futon, so your bed is ready.

Kyoko's Robot Explanation

Gustav I

I based my Gustav models off of this model that was developed by my mother. The specs are a mystery.

It's a model developed by my mother and probably the best bipedal robot in the world.

I believe my mother was influenced by my father's sculptures.

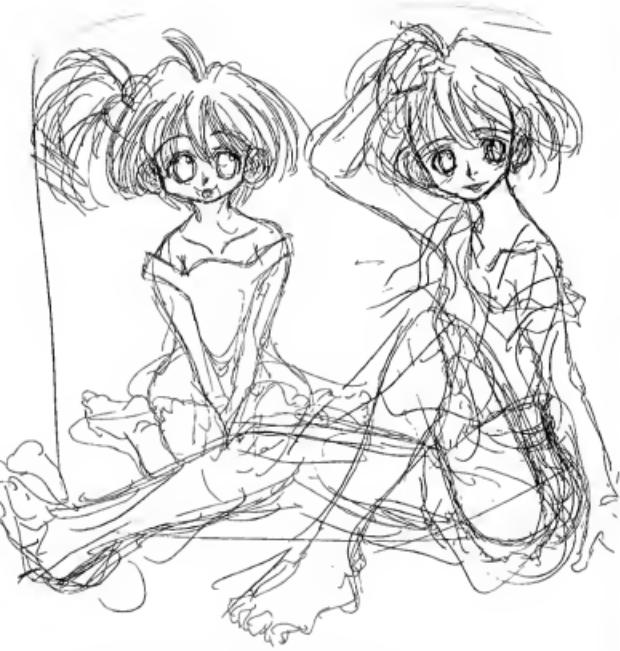

I made this model as a work robot in places with extreme temperatures. It's possible to use it for military purposes but I would need to redesign it so it's smaller.

Its back is a cartridge type so depending on the situation it's possible to change the attachment parts.

I feel most safe when I'm in this Gustav model.

Gustav II

You can pretty much control it with these two gears.

And the back... For some reason Densuke's little sister has been sidelined but you can tell the difference between them in the manga right? I also wanted to see how everyone would be with only Densuke... (for what?)

Hmm...What kind of art should I draw for Volume 8...
There's going to be lots of new characters...
Who should I draw?

Illustration Tid Bits

This time I wanted draw Professor. When I showed my editor, he said Volume 5 and 6's covers were character art too so he asked me to put a little twist to it, so I inserted Komee and put them in bathing suits. It's been a while so I wanted to draw an erotic piece...

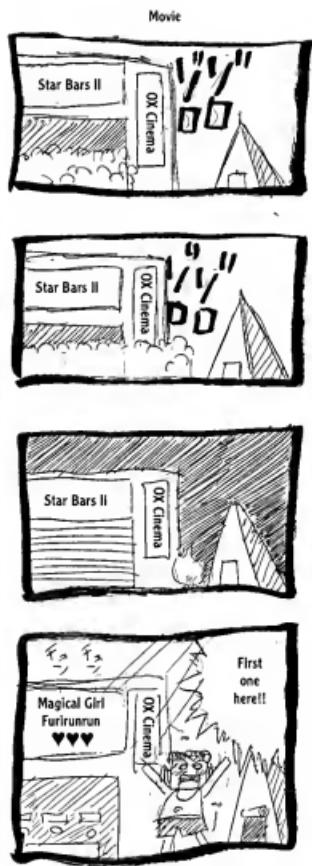

I drew it with a pencil so I figured it'd be easy inking it but... It was actually a lot harder than I thought...

Also, please take a look at their glasses on the cover.

To be continued in volume 8
